CONTENTS

No. 1 (AUGUST 2002)

Salmonella surveillance: a global survey of public health stereotyping
Herikstad, H., Motarjemi, Y. and Tauxe, R. V. 1

A population-based estimate of the burden of diarrhoeal illness in the United States: FoodNet, 1996–7
Herikstad, H., Yang, S., Van Gilder, T. J., Vugia, D., Hadler, J., Blake, P., Deneen, V., Shiferaw, B., Angulo, F. J. and The FoodNet Working Group 9

Human salmonellosis associated with young poultry from a contaminated hatchery in Michigan and the resulting public health interventions, 1999 and 2000
Wilkins, M. J., Bidol, S. A., Boulton, M. L., Stobierski, M. G., Massey, J. P. and Robinson-Dunn, B. 19

Decline in epidemic of multidrug resistant *Salmonella* Typhi is not associated with increased incidence of antibiotic-susceptible strain in Bangladesh
Rahman, M., Ahmad, A. and Shoma, S. 29

An outbreak of *Salmonella enteritidis* phage type 34a infection in primary school children: the use of visual aids and food preferences to overcome recall bias in a case control study
Linnane, E., Roberts, R. J. and Mannion, P. T. 35

Isolation and characterization of enterohaemorrhagic *Escherichia coli* O157:H7 from cattle in Belgium and Poland
Tutenel, A. V., Pierard, D. Uradzinski, J., Jozwik, E., Pastuszczak, M., Van Hende, J., Uyttendaele, M., Debevere, J., Cheasty, T., Van Hoof, J. and De Zutter, L. 41

Combinations of putative virulence markers in typical and variant enteroaggregative *Escherichia coli* strains from children with and without diarrhoea
Elias, W. P., Uber, A. P., Tomita, S. K., Trabulsi, L. R. and Gomes, T. A. T. 49

The epidemiology of glycopeptide-resistant enterococci on a haematology unit – analysis by pulsed-field gel electrophoresis
Bradley, S. J., Kaufmann, M. E., Happy, C., Ghori, S., Wilson, A. L. T. and Scott, G. M. 57

Risk factors for pneumonia in infants and young children and the role of solid fuel for cooking: a case-control study
Mahalanabis, D., Gupta, S., Paul, D., Gupta, A., Lahiri, M. and Khaled, M. A. 65

***Haemophilus influenzae* type b and cross-reactive antigens in natural Hib infection dynamics; modelling in two populations**
Leino, T., Auranen, K., Mäkelä, P. H., Käyhty, H., Ramsay, M., Slack, M. and Takala, A. K. 73

Prevalence of antibodies to *Brucella* spp. and risk factors related to high-risk occupational groups in Eritrea
Omer, M. K., Assefaw, T., Skjerve, E., Tekleghiorghis, T. and Woldehiwet, Z. 85

Detection of four *Borrelia burgdorferi* genospecies and first report of human granulocytic ehrlichiosis agent in *Ixodes ricinus* ticks collected in central Italy
Santino, I., Del Piano, M., Sessa, R., Favia, G. and Iori, A. 93

Contribution of RSV to bronchiolitis and pneumonia-associated hospitalizations in English children, April 1995–March 1998
Müller-Peabody, B., Edmunds, W. J., Zambon, M. C., Gay, N. J. and Crowcroft, N. S. 99

Partial VP1/2A gene sequence based molecular epidemiology of wild type 1 poliovirus isolates from some parts of India
Anand, R., Ghosh, D., Bhupatiraju, A. V., Broor, S., Pasha, S. T., Khare, S., Kumar, M., Dutta, K. K. and Rai, A. 107

An outbreak of hepatitis A among homosexuals linked to a family outbreak
Stene-Johansen, K., Jenum, P. A., Hoel, T. Blystad, H., Sunde, H. and Skaug, K. 113

Evaluation of hepatitis C surveillance in Poland in 1998
Mazurek, J., Hutin, Y., McNutt, L.-A. and Morse, D. L. 119

A large hotel outbreak of Norwalk-like virus gastroenteritis among three groups of guests and hotel employees in Virginia
Love, S. S., Jiang, X., Barrett, E., Farkas, T. and Kelly, S. 127

A prolonged outbreak of Norwalk-like calcivirus (NLV) gastroenteritis in a rehabilitation centre due to environmental contamination
Kuusi, M., Nuorti, J. P., Maunula, L., Tran Minh, N. N., Ratia, M., Karlsson, J. and Von Bonsdorff, C.-H. 133
Inter-test reliability of the anti-RESA indices based on ELISA tests using eluates from whole blood spots dried on filter paper
Duarte, E. C., Gyorkos, T. W., Pang, L., Ávila, S. and Fontes, C. J. F. 139
A clarification of transmission terms in host-microparasite models: numbers, densities and areas
Begon, M., Bennett, M., Bowers, R. G., French, N. P., Hazel, S. M. and Turner, J. 147
Drug resistances in salmonella isolates from animal foods, Italy 1998–2000
Mammina, C., Cannova, L., Massa, S., Goffredo, E. and Nastasi, A. 155
***Escherichia coli* O157:H7 infection in cows and calves in a beef cattle herd in Alberta, Canada**
Gannon, V. P. J., Graham, T. A., King, R., Michel, P., Read, S., Ziebell, K. and Johnson, R. P. 163
A long-term study on the prevalence of shiga toxin-producing *Escherichia coli* (STEC) on four German cattle farms
Geue, L., Segura-Alvarez, M., Conraths, F. J., Kuczius, T., Bockemühl, J., Karch, H. and Gallien, P. 173
Prevalence of campylobacters in chicken flocks during the summer of 1999 in Finland
Perko-Mäkelä, P., Hakkinen, M., Honkanen-Buzalski, T. and Hänninen, M.-L. 187
Spread of *Staphylococcus aureus* resistant to penicillin and tetracycline within and between dairy herds
Waage, S., Bjorland, J., Caugant, D. A., Oppengaard, H., Tollersrud, T., Mørk, T. and Aarestrup, F. M. 193
Transmission of *Actinobacillus pleuropneumoniae* in pigs is characterized by variation in infectivity
Velthuis, A. G. J., de Jong, M. C. M., Stockhofe, N., Vermeulen, T. M. M. and Kamp, E. M. 203
Comparison of vaccination strategies for the control of dog rabies in Machakos District, Kenya
Kitala, P. M., McDermott, J. J., Coleman, P. G. and Dye, C. 215
Faecal contamination and enterotoxigenic *Escherichia coli* in street-vended chili sauces in Mexico and its public health relevance
Estrada-Garcia, T., Cerna, J. F., Thompson, M. R. and Lopez-Saucedo, C. 223
Molecular epidemiology of nalidixic acid-resistant campylo-bacter isolates from humans and poultry by pulsed-field gel electrophoresis and flagellin gene analysis
Wu, T. L., Su, L. H., Chia, J. H., Kao, T. M., Chiu, C. H., Kuo, A. J. and Sun, C. F. 227
Book Review
Clinician's Guide to Viral Hepatitis 233

No. 2 (October 2002)

Shifting serotypes, plasmid profile analysis and antimicrobial resistance pattern of shigellae strains isolated from Kolkata, India during 1995–2000
Dutta, S., Rajendran, K., Roy, S., Chatterjee, A., Dutta, P., Nair, G. B., Bhattacharya, S. K. and Yoshida, S.-I. 235
Preferential association of the heat-stable enterotoxin gene (*stn*) with environmental strains of *Vibrio cholerae* belonging to the O14 serogroup
Sarkar, B., Bhattacharya, T., Ramamurthy, T., Shimada, T., Takeda, Y. and Balakrish Nair, G. 245
Routes for salmonella contamination of poultry meat: epidemiological study from hatchery to slaughterhouse
Heyndrickx, M., Vandekerchove, D., Herman, L., Rollier, I., Grijspeerdt, K. and de Zutter, L. 253
Relationship between home food-handling practices and sporadic salmonellosis in adults in Louisiana, United States
Kohl, K. S., Rietberg, K., Wilson, S. and Farley, T. A. 267
Risk factors for salmonella food poisoning in the domestic kitchen – a case control study
Parry, S. M., Palmer, S. R., Slader, J., Humphrey, T. and The South East Wales Infectious Disease Liaison Group 277
The use of sequential studies in a salmonellosis outbreak linked to continental custard cakes
Ward, B., Andrews, R., Gregory, J. and Lightfoot, D. 287
***Escherichia coli* O157 infection associated with a petting zoo**
Heuvelink, A. E., van Heerwaarden, C., Zwartkruis-Nahuis, J. T. M., van Oosterom, R., Edink, K., van Duynhoven, Y. T. H. P. and de Boer, E. 295

Intra-familial transmission of life-threatening group A streptococcal infection
Recco, R. A., Zaman, M. M., Cortes, H., Colucci, J., Poomkudy, G. and Kaplan, E. L. 303
The prevalence of TT virus and GB virus C/hepatitis G virus infection in individuals with raised liver enzymes but without HBV or HCV infection in Taiwan
Dai, C. Y., Yu, M. L., Chang, W. Y., Tseng, C. H., Hou, C., Lin, Z. Y., Chen, S. C., Hsieh, M. Y., Wang, L. Y., Tsai, J. F. and Chuang, W. L. 307
Associations between water-treatment methods and diarrhoea in HIV-positive individuals
Eisenberg, J. N. S., Wade, T. J., Hubbard, A., Abrams, D. I., Leiser, R. J., Charles, S., Vu, M., Saha, S., Wright, C. C., Levy, D. A., Jensen, P. and Colford Jr., J. M. 315
Initiation, changes in use and effectiveness of highly active anti-retroviral therapy in a cohort of injecting drug users
Egea, J. M., Muga, R., Sirera, G., Clotet, B., Tor, J., Ardèvol, M., Rey-Joly, C. and Muñoz, A. 325
Epidemiology of Sindbis virus infections in Finland 1981–96: possible factors explaining a peculiar disease pattern
Brummer-Korvenkontio, M., Vapalahti, O., Kuusisto, P., Saikku, P., Manni, T., Koskela, P., Nygren, T., Brummer-Korvenkontio, H. and Vaheri, A. 335
Phylogenetic and antigenic analysis of influenza A(H3N2) viruses isolated from conscripts receiving influenza vaccine prior to the epidemic season of 1998/9
Pyhälä, R., Ikonen, N., Haanpää, M., Santanen, R. and Tervahauta, R. 347
An outbreak of viral gastroenteritis following environmental contamination at a concert hall
Evans, M. R., Meldrum, R., Lane, W., Gardner, D., Ribeiro, C. D., Gallimore, C. I. and Westmoreland, D. 355
Epidemiology of measles in Blantyre, Malawi: analyses of passive surveillance data from 1996 to 1998
Yamaguchi, S., Dunga, A., Broadhead, R. L. and Brabin, B. J. 361
Underreporting of malaria incidence in the Netherlands: results from a capture–recapture study
Van Hest, N. A. H., Smit, F. and Verhave, J. P. 371
Investigation of an outbreak of cercarial dermatitis
Lévesque, B., Giovenazzo, P., Guerrier, P., Laverdière D. and Prud'Homme, H. 379
Use of pulsed-field gel electrophoresis for detecting differences in *Staphylococcus aureus* strain populations between dairy herds with different cattle importation practices
Middleton, J. R., Fox, L. K., Gay, J. M., Tyler, J. W. and Besser, T. E. 387
A mathematical model of *Staphylococcus aureus* control in dairy herds
Zadoks, R. N., Allore, H. G., Hagenaars, T. J., Barkema, H. W. and Schukken, Y. H. 397
***Staphylococcus aureus* nasal carriage in the community: a survey from central Italy**
Zanelli, G., Sansoni, A., Zanchi, A., Cresti, S., Pollini, S., Rossolini, G. M. and Cellesi, C. 417
Nucleotide substitutions in *vanC-2* gene of *Enterococcus casseliflavus* isolates obtained from chickens
Murase, T., Mito, Y., Otsuki, K., Suzuki, R. and Yamai, S. 421
Book Review
Hepatitis C Virus: From Laboratory to Clinic 425
Erratum
Epidemiol. Infect. **127** (2001) 555–60
Besser, T. E., Richards, B. L., Rice, D. H. and Hancock, D. D. 427

No. 3 (December 2002)

Testing a symptom-based surveillance system at high-profile gatherings as a preparatory measure for bioterrorism
Osaka, K., Takahashi, H. and Ohyama, T. 429
High resolution genotyping of *Campylobacter jejuni* strains by macrorestriction analysis with *Xho*I and polymerase chain reaction targeting enterobacterial repetitive intergenic consensus sequences: can we predict the zoonotic potential of strains?
Moser, I., Lentzsch, P., Rieksneuwoehner, B., Schwerk, P. and Wieler, L. H. 435
Use of AFLP, plasmid typing and phenotyping in a comparative study to assess genetic diversity of *Shigella flexneri* strains
Herrera, S., Cabrera, R., Ramirez, M. M., Usera, M. A. and Echeita, M. A. 445

E. coli O157 phage type 21/28 outbreak in North Cumbria associated with pasteurized milk
Goh, S., Newman, C., Knowles, M., Bolton, F. J., Hollyoak, V., Richards, S., Daley, P., Counter, D., Smith, H. R. and Keppie, N. 451
National enhanced surveillance of meningococcal disease in England, Wales and Northern Ireland, January 1999–June 2001
Shigematsu, M., Davison, K. L., Charlett, A. and Crowcroft, N. S. 459
Invasive group A streptococcal infections in the San Francisco Bay area, 1989–99
Passaro, D. J., Smith, D. S., Hett, E. C., Reingold, A. L., Daily, P., van Beneden, C. A. and Vugia, D. J. 471
Kinetics of the IgG antibody response to pertussis toxin after infection with _B. pertussis_
Teunis, P. F. M., van der Heijden, O. G., de Melker, H. E., Schellekens, J. F. P., Versteegh, F. G. A. and Kretzschmar, M. E. E. 479
Nasopharyngeal carriage of resistant pneumococci in young South Indian infants
Coles, C. L., Rahmathullah, L., Kanungo, R., Thulasiraj, R. D., Katz, J., Santosham, M. and Tielsch, J. M. 491
Is household antibiotic use a risk factor for antibiotic-resistant pneumococcal infection?
Kwan-Gett, T. S., Davis, R. L., Shay, D. K., Black, S., Shinefield, H. and Koepsell, T. 499
Antibiotic use, gastroenteritis and respiratory illness in South Australian children
Talbot-Smith, A. and Heyworth, J. 507
Comparison between cohorts vaccinated and unvaccinated against influenza and pneumococcal infection
Christenson, B. and Lundbergh, P. 515
The incidence of influenza-associated hospitalizations in children in Germany
Weigl, J. A. I., Puppe, W. and Schmitt, H. J. 525
Age-specific seroprevalence of poliomyelitis, diphtheria and tetanus antibodies in Spain
Pachón, I., Amela, C. and de Ory, F. 535
Epidemiology of measles, mumps and rubella in Italy
Gabutti, G., Rota, M. C., Salmaso, S., Bruzzone, B. M., Bella, A., Crovari, P. and The Serological Study Group 543
Mumps outbreak in vaccinated children in Gipuzkoa (Basque Country), Spain
Montes, M., Cilla, G., Artieda, J., Vicente, D. and Basterretxea, M. 551
Rubella antibody loss rates in Korean children
Ki, M., Kim, M. H., Choi, B. Y., Shin, Y. J. and Park, T. 557
Regional and temporal changes in AIDS in Europe before HAART
Blaxhult, A., Fox, Z., Colebunders, R., Francioli, P., Ben-Ishai, Z., Fätkenheuer, G., Parkin, J. M., Vanhems, P., Phillips, A. N. and Kirk, O. for the EuroSIDA Study Group 565
Monitoring hepatitis C virus infection among injecting drug users in the European Union: a review of the literature
Roy, K., Hay, G., Andragetti, R., Taylor, A., Goldberg, D. and Wiessing, L. 577
The contribution of transfusion to HCV infection in England
Soldan, K., Ramsay, M., Robinson, A., Harris, H., Anderson, N., Caffrey, E., Chapman, C., Dike, A., Gabra, G., Gorman, A., Herborn, A., Hewitt, P., Hewson, N., Jones, D. A., Llewelyn, C., Love, E., Muddu, V., Martlew, V. and Townley, A. 587
The role of solar ultraviolet irradiation in zoster
Zak-Prelich, M., Borkowski, J. L., Alexander, F. and Norval, M. 593
Varicella in non-immune persons: incidence, hospitalization and mortality rates
Boëlle, P. Y. and Hanslik, T. 599
Immunity to chickenpox among school adolescents in Lebanon and options for vaccination
Musharrafieh, U. M., Nuwayhid, I. A., Hamadeh, G. N., Steitieh, S. W. and Bizri, A. R. N. 607
Evaluation of Lepto Dri Dot as a rapid test for the diagnosis of leptospirosis
Vijayachari, P., Sugunan, A. P. and Sehgal, S. C. 617
Predicting tuberculosis among migrant groups
Watkins, R. E. and Plant, A. J. 623
Local knowledge and attitudes about onchocerciasis in Oji-River local government area of Enugu State, Nigeria
Manafa, O. U. and Isamah, A. N. 629

Salmonella and campylobacter contamination of raw retail chickens from different producers: a six year survey
Wilson, I. G. 635
New World origins for haemoparasites infecting United Kingdom grey squirrels (*Sciurus carolinensis*), as revealed by phylogenetic analysis of bartonella infecting squirrel populations in England and the United States
Bown, K. J., Ellis, B. A., Birtles, R. J., Durden, L. A., Lello, J., Begon, M. and Bennett, M. 647
Evidence for insect transmission of rabbit haemorrhagic disease virus
McColl, K. A., Merchant, J. C., Hardy, J., Cooke, B. D., Robinson, A. and Westbury, H. A. 655
Epidemiological consequences of a pathogen having both virulent and avirulent modes of transmission: the case of rabbit haemorrhagic disease virus
White, P. J., Norman, R. A. and Hudson, P. J. 665
The occurrence of five major Newcastle disease virus genotypes (II, IV, V, VI and VIIb) in Bulgaria between 1959 and 1996
Czegledi, A., Herczeg, J., Hadjiev, G., Doumanova, L., Wehmann, E. and Lomniczi, B. 679
Erratum
Epidemiol. Infect. **128** (2002) 363–71
Zhou, Z., Ogasawara, J., Nishikawa, Y., Seto, Y., Helander, A., Hase, A., Iritani, N., Nakamura, H., Arikawa, K., Kai, A., Kamata, Y., Hoshi, H. and Haruki, K. 689
